MADRID, *June* 15.

THE King has ſent to the Sovereign Tribunals his Declaration of War againſt Portugal, which runs thus:

"NEITHER my Repreſentations, founded in Juſtice and Utility, nor the fraternal Perſuaſives with which I accompanied them, have been able to alter the King of Portugal's blind Affection for the Engliſh. His Miniſters, engaged by long Habit, continue obſtinate in their Partiality, to the great Prejudice of his Subjects; and I have met with nothing but Refuſal, and been inſulted by his injurious Preference of the Friendſhip of England to that of Spain and France. I have even received a perſonal Affront by the Arreſting of my Ambaſſador, Don Joſeph Torrero, at Eſtremos, who was detained there in Violation of his Character, after he had been ſuffered to depart from Liſbon, and had arrived on the Frontiers in Virtue of Paſſports from that Court; but notwithſtanding ſuch Inſults were powerful Motives for me to keep no longer any Meaſures with the King of Portugal, nevertheleſs, adhering to my firſt Reſolution of not making an offenſive War againſt the Portugueſe, unleſs forced to it, I deferred giving Orders to my General to treat them with the Rigour of War; but having read the Edict of the King of Portugal of the 18th of laſt Month, in which, miſrepreſenting the upright Intentions of the Moſt Chriſtian King and Myſelf, he imputes to us a preconcerted Deſign of invading his Dominions, and orders all his Vaſſals to treat us as Enemies, and to break off all Correſpondence with us, both by Sea and Land; and forbids the uſe of all Productions coming from our Territories, confiſcating the Goods of the French and Spaniards, and likewiſe ordering them to leave Portugal in a Fortnight, which Term, however ſtraight, has been further abridged, and many of my Subjects have been expelled, plundered, and ill-treated before the Expiration of it. And the Marquis de Sarria having found, that the Portugueſe, ungrateful to his Goodneſs and Moderation, and the Exactneſs with which they have been paid for every thing they have furniſhed for my Troops, have proceeded ſo far as to excite the People and Soldiery againſt my Army; ſo that it would be diſhonourable to carry my Forbearance any farther. For theſe Cauſes I have reſolved, that from this Day my Troops ſhall treat Portugal as an Enemy's Country, that the Property of the Portugueſe ſhall be confiſcated throughout my Dominions, that all the Portugueſe ſhall leave Spain in a Fortnight, and that all Commerce

BEIRA.

Almeida, June 12. By a Letter of this Date, we are informed, that the Enemy, to the Number of Eight Thouſand Men, has entered the Frontier, and is encamped between Val de la Mulla and Val de Coelha, a League from Almeida; that ſeveral Parties had ſallied forth from the Camp, and had pillaged the Villages upon that Frontier, and had not even ſpared the Churches; but that theſe Parties had been driven back by the Portugueſe Militia, who had killed and taken Priſoners upwards of 200 Spaniards; and that there was a great and frequent Deſertion from this Corps.

From the ſame Place we have Advices of the 18th of this Month, that the Spaniards then remained in the ſame Camp, without any other News, than that they continued to ſend out Parties to guard the Cattle, which they could find diſperſed about the Fields.

MINHO.

Amarante, June 20. The Advices received from the Province of Tras-los-Montes are, That the Spaniſh Army in this Province is divided into three Corps; the principal Body is incamped at Duas Igrjias, near Miranda; another of 5000 Men at Turre de Moncorvo; and a third, of the ſame Number of Troops, near Chaves.

Thoſe who retired from Villa Real, and Mirandella, towards Miranda, were attacked upon their March by the Militia, which were poſted at the Villa poucha de Aguar, who killed ſome of the Spaniards, and took twenty odd Priſoners, which were ſent to the Head Quarters.

We have Advice of the 22d, that a Convoy of Sixty Mules, laden with Proviſions, had been taken from the Enemy about two Leagues from Chaves.

The ſame Advices add, that the Spaniards are preparing to invade this Province in different Places.

LONDON, *July* 1.

Yeſterday was preſented to the King a Letter from a Nabob in the Eaſt-Indies, incloſed in a Gold Box about ten Inches long, curiouſly wrought; brought by one of the India Ships that arrived this Week in the River.

July 6. Letters from Vienna of the 16th mention, that the Prince de Galiczin, Miniſter from the Court of Ruſſia, had lately an Audience of the Empreſs Queen, which laſted but 15 Minutes, when he demanded, in the Name of his Principal, the Reſtitution of all the Proteſtant and Greek Churches in Hungary, that have been taken away from thoſe People in a very unjuſt Manner.

Extract of a Letter, dated Camp near Ober Weimer, June 25.

"Our Succeſs over the Enemy Yeſterday near Wilhelmſtahl, was equal in its Conſequences to moſt of our former Victories, of which the ſudden Retreat of the Enemy laſt Night over the Fulda, and the Numbers of the Priſoners and Trophies, may be looked upon as convincing Proofs. In ſhort, it was a Victory obtained by the Greatneſs of our Chief, and the Alacrity and good Countenance of our Troops. It is allowed to be the compleateſt Surprize that has been executed this War. The Enemy's Loſs is computed at 5000; our's is inconſiderable; ſo that we have conquered the Enemy without impairing our own Army. Our Grenadier Company being detached in Front to cover two Pieces of Cannon, were ſurrounded by three Regiments of French Cavalry, and made Priſoners. This was all the Loſs we ſuſtained."

A Confirmation is come to the Admiralty of the Capture of the Spaniſh Regiſter Ship, with this Addition, that ſhe is valued at One Million One Hundred Thouſand Pounds. Some ſay that 300,000 l. is Engliſh Property; others, that our Inſurers will loſe 300,000 l.

The Prince de Soubiſe's Plate is taken. The French have alſo loſt 17 Pieces of heavy Cannon.

The Chevalier de Muy, and ſeveral other General Officers, loſt all their Baggage. No General or Staff-Officer of the French, it is ſaid, was killed or wounded.

On the 25th the Hereditary Prince in Perſon, at the Head of 400 Horſe, made an Attack on a Body of the Prince de Conde's Army, commanded by M. de Conflans, but was repulſed, and his Highneſs himſelf made Priſoner by two Huſſars, who were bringing him away, when 40 of Bock's Dragoons came up and reſcued him.

The Report of a Ceſſation of Hoſtilities between the Courts of Berlin and Dreſden is not confirmed. Nor is that Event expected without the Conſent of the Auſtrians.

There are ſome Advices which ſay, that the Spaniards have received a ſevere Check near Almeida.

The following is a Tranſlation of the Decree, or Declaration of War, iſſued by Order of his Portugueſe Majeſty againſt the Crown and Subjects of Spain, on the 23d of May, 1762.

WI[illegible] Joſeph Torrero, in Conjunction with Don Jacob O'Dunne, Miniſter Plenipotentiary of France, by their Repreſentations, and the Anſwers I have given thereto, it appears that one of the Projects agreed on between the aforeſaid Powers in the Family Compact was, to diſpoſe of theſe Kingdoms as if they were their own; to invade them, to occupy them, and uſurp them, under the incompatible Pretext of aſſiſting me againſt Enemies, which they ſuppoſed for ſuch, that never exiſted; and whereas different General Officers of his Catholick Majeſty have ſucceſſively, ſince the 30th of April laſt, ſpread various Papers through my Dominions, preſcribing Laws and Sanctions to my Subjects, invading at the ſame Time my Provinces with an Army divided into various Bodies, attacking my fortified Places, and perpetrating all the aforeſaid Hoſtilities, under Pretence of directing them to the Advantage and Glory of my Crown and of my Subjects, and in ſuch Light even the Catholick King himſelf has repreſented the Caſe to me; and whereas notwithſtanding all theſe contradictory and unheard of Motives, an Offenſive War has been made againſt me, contrary to Truth and Juſtice, by the aforeſaid two Monarchs, thro' mutual Conſent: I have ordered it to be made known to all my Subjects, that they hold all Diſturbers or Violators of the independent Sovereignty of my Crown, and all Invaders of my Kingdom, as public Aggreſſors and declared Enemies; that from henceforward, in natural Defence, and neceſſary Retortion, they be treated as Aggreſſors and declared Enemies in all and every Senſe; and that to oppreſs them in their Perſons and Effects, all military Perſons, and Others, authoriſed by me, make Uſe of the moſt executive Means, which in theſe Caſes are ſupported by all Laws; and that in like Manner, all ſaid military and every other Perſon or Perſons, of whatever Rank, Quality or Condition they be, quit all Communication and Correſpondence with the ſaid Enemies, under the Penalties decreed againſt Rebels and Traitors. I likewiſe order that all the Subjects of France and Spain, reſiding in this City, or in the Kingdoms of Portugal and Algarva, retire within the preciſe Term of 15 Days, to reckon from the Day of the Publication of this Decree, otherwiſe they ſhall be treated as Enemies, and their Effects confiſcated; and that in all the wet as well as dry Ports of this Kingdom all Commerce and Communication ceaſe with the aforeſaid Monarchies of France and Spain, all Fruits, Manufactures or Goods of any Kind, of the Produce of ſaid Monarchies, be deemed contraband, and the Entry, Sale and Uſe of them, be prohibited. Ordered that this Decree be affixed and tranſmitted to every County, that it may come to the Knowledge of all my Subjects. I have given Orders to the Intendant General of the Police to grant Paſſports to all the aforeſaid, who have entered theſe Kingdoms *bona fide*, on their Buſineſs, that they be permitted to retire unmoleſted.

ANTONIO LUIZ DE CORDES.

July 8. Commodore Young, in his Majeſty's Ship Guernſey, has blocked up at Caen, 13 flat-bottomed Boats, that were under the Convoy of four armed Veſſels going to Breſt.

Advice is received by the Flanders Mail, that the Toulon Fleet, having been joined by ſome Spaniſh Men of War, conſiſts of 16 Ships of the Line, and two Frigates, and was ready to put to Sea with Troops on board, and a large Quantity of Warlike Stores; and that Admiral Saunders, having received Intelligence of their being ready to ſail, had left Gibraltar, and was cruizing off Toulon, with 18 Ships of the Line, and 4 Frigates, in order to be informed, that there are two more Ships equally rich with the Spaniſh Regiſter Ship lately taken, expected home from the South Seas, and that Lord Anſon, about a Month before he died, had Intelligence of them, and gave Inſtructions accordingly.

The above Regiſter Ships mount 26 Guns each, and well manned; and it is ſaid that 125,000 l. is inſured here on one, and 50,000 l. on the other.

We hear that the Spaniards have declared, that they will take all Neutral Ships they meet with, that are bound to or from any of the Britiſh Ports.

The laſt Letters from Sileſia inform us, that a ſcorbutic Diſtemper rages ſo much in the Auſtrian Army, that few Regiments have leſs than two or three Hundred Men ſeized with it, moſt of whom are carried off by it.

July 10. The Marſhal d'Etrees, who piqued himſelf on knowing the Country of Heſſe as well as any of the Natives, and who had exact Intelligence of the Situation of Prince Ferdinand's Army, is ſaid to have formed a Deſign of ſurprizing it, at leaſt that Corps which was commanded by his Serene Highneſs in Perſon; which was to have been executed upon the 25th, if he had not been himſelf ſurprized on the 24th, by Motions ſo happily contrived, and executed with ſuch Preciſion, that the French were attacked in three Quarters of an Hour in Front, Flank, and Rear.

We hear that Sir Edward Hawke is ordered to make the quickeſt Paſſage he can to the Groyne, where he is to ſend a Flag of Truce on Shore, with a Letter to be forwarded to the Spaniſh Court, to demand an immediate Evacuation of the Spaniſh Troops from Portugal, and to allow a certain Number of Days for an Anſwer; and if they refuſe to comply with our Demands, the Admiral is to proceed immediately to Naples, and there make Repriſals.

Yeſterday Advice came, that a Spaniſh Advice Ship from the Havannah, bound to Cadiz, is taken by one of our Men of War.

Two Guernſey Privateers have taken two French Veſſels, bound with Naval Stores to Marſeilles.

London, June 29. On the 23d it was definitively resolved in Council, 'That certain Terms of 'Accommodation, which had been proposed by 'the Enemy, were inconsistent with the Honour 'and Interest of the Nation. *Leyden Gazette.*

The Hermione's Cargo will be brought to England in his Majesty's Ships Neptune, Active and Favourite. A Midshipman on board the Favourite wrote to his Friend here to make Insurance for 1500 l. reckoned his Share.

The Prussian General Kleist attacked on the 27th ult. the Austrian Colonel Torreck, who was encamped with about 1800 Men near Marienberg, to cover the Frontiers of Bohemia. He dispersed the Corps, made a Number of them Prisoners, and returned the next Day to Freyberg.

Extract of a Letter from Captain Patrick Creighton, *of the Brilliant Privateer, of* 18 *Six-pounders, and* 93 *Men, dated Lisbon, June* 24.

"Since my last, of the 11th Instant, from Dartmouth, we have spoke to a Number of Vessels, to no Purpose. On the 18th Instant, after a Chace of two Hours, came up with the Duke of York Privateer Sloop, of Bristol, of 10 Three Pounders, and 48 Men, who informed me that there were six Spaniards lying before Finisterre Town, under a four Gun Battery. Next Morning I worked into the Bay, attacked the Battery and Vessels, in Company with the Sloop, and had the good Luck, in an Hour and three Quarters, to drive them from their Battery; when I immediately manned our Boats, took Possession of the Fort, took down the Spanish Flag, and hoisted the English, and spiked up their Guns.

"In the Interim they abandoned the Ships, likewise the Town, which is pretty large; however, I did not let the People stay to plunder or meddle with it, but went to work immediately in cutting and warping out the Vessels, four of which we got out by Four in the Afternoon. The Wind blowing right into the Bay, we were obliged to let the other two go upon the Rocks, they being in Ballast.

"The Wind freshning fast, and Night coming on, and fresh Soldiers coming constantly down, I immediately put to Sea, having scarce Men enough to take Care of what we had got. Three of them are loaded from Cadiz to Ferrol, partly for the King of Spain, and partly for Merchants Account; the other, a fine Snow belonging to Bilboa, in Ballast. We have the Mate of the largest Vessel here, being the only Prisoner we could catch. We arrived here the 22d Instant, and shall Damage repaired, which is, my Flying-gib-boom shot away, my Foremast shot thro' in the Middle, my Stern and Quarters very much shattered, likewise all my Sails and Rigging, but luckily have not lost a Man, only a few wounded. The two Settees are, one of 8 Nine-pounders, and full of Musquetoons; and the other, 6 Six-pounders, very long, and Musquetoons; and the Snow 6 Four pounders; the Brig has no Guns."

Extract of a Letter from Portsmouth, July 11.

"Our small Craft have blocked up several French flat-bottomed Boats, in a Creek on the French Coast; and on Thursday Afternoon sailed from Spithead his Majesty's Sloop Weazel, with the Pluto, and another Fireship, with several of our flat-bottomed Boats, in order to cut out the French flat-bottomed Boats, or burn them: If the former, we shall, in all Probability, see what Sort of Machines they would fright the intimidated Part of the English with. These Boats came out of Havre only for Parade, and have by their Unskilfulness been caught in Lobb's Pound."

Saturday last there was the greatest Proof of Small-Arms at the Tower, ever known at one Time. 'Tis supposed they are to be sent to Portugal.

Mrs. Draper, her Majesty's Midwife, went into Waiting, at the Queen's House, on Saturday Evening.

NEW-YORK, *September* 16.

On Monday the 12th of July, Lat. 49, 38. Lon. 8, 30. from London, the Harriot Packet Boat, Captain Bonnel, in her Passage from New-York to Falmouth, was attacked by a Brig Privateer of 14 six and nine Pounders, and about 130 Men. The Engagement began about Half after 8 in the Evening, and continued 5 Hours with great Smartness on both Sides, when the Privateer sheered off to a little Distance, but kept within Sight till Morning, when Half past 3, with Grapplings at his Yard Arms, and a Stink-pot at his flying Jib Boom, he again stood for the Packet, and being near her, almost ready for Boarding, Captain Bonnel thought proper to sink the Mail, which was accordingly done, and at 4 the Engagement was renewed with equal Ardour: The Sails and Rigging of the Packet were cut to Pieces, her Main Mast, Main Topmast, Fore Topmast, Fore Top Cross Trees, Trussel Trees, and Trysail Mast, were wounded, and several Shot in her Hull: The Captain and two Gentlemen Passengers, were slightly wounded by Splinters, one Seaman had a Ball lodged in his Wrist, and one was accidently blown up with Gun Powder. About 6, it is thought a lucky Shot from the Packet did some effectual Damage to the Privateer, for she immediately sheered off, and made all the Sail she could set. Captain Bonnel arrived safe at Falmouth.

MEDICINES,

For the speedy Recovery of all such as are afflicted with any of the undermentioned Disorders.

RIVINGTON and BROWN,

Booksellers and Stationers in MARKET-STREET, PHILADELPHIA, have just imported the following most excellent and universally approved of Medicines, prepared very carefully by the eminent Dr. HILL, of *London*, *viz.*

For the Cure of the GOUT *and* RHEUMATISM,
A NEW DISCOVERED MEDICINE, *called*,

ELIXIR of BARDANA.

The BARDANA is a common innocent British Plant; its Virtues against the Rheumatism have always been known; and the Physicians of Edinburgh, who have distinguished themselves eminently in the Improvement of Medicine, now give it constantly and successfully in that Disease: The Author claims no Merit but that of extending its Use, assisting its Efficacy, and reducing it to a Form in which it may be more conveniently taken. It is pleasant, safe, and effectual; and if we judge from the first Experience upon himself, and the happy Effects of its Use in a Number of other Cases in *London*, there is Ground to hope these Diseases will no longer so grievously torment Mankind. Price Seven Shillings a Bottle.

For the certain Cure of the SCURVY, LEPROSY, *and all Obstinate Disorders of the* SKIN,

THE ESSENCE of WATER-DOCK.

The Virtues of which are such, as to cure the most inveterate Degrees of the Scurvy; it not only clears the Skin of all Breakings out, but mends the Constitution. Persons afflicted with the Scurvy are subject to have bad Stomachs, and to be miserably low-spirited, and many have those Complaints, not knowing that the Scurvy is the Cause. This Medicine takes off the Faintness, creates an Appetite and Digestion immediately, clears the Skin, and prevents future Eruptions. Price Seven Shillings a Bottle.

The most successful Medicine that ever was used for the effectual Cure of the GRAVEL *and* STONE; *called*,

The Tincture of Golden Rod.

This Medicine has been found very excellent in preventing the Gravel from concreting to Stone, and discharging it without Pain; it will bring away all Gravel as fast as it is deposited in the Kidneys, and never suffers it to lodge or form Stones again; and it has been found by Experience to excel Mrs. *Stephens*'s, and all other Medecines used in dissolving Stones. Price Nine Shillings a Bottle.

For the Cure of all NERVOUS DISORDERS, FITS, HEAD-ACHS, LOW-SPIRITS, CONFUSED THOUGHTS, VAPOURS *and* MELANCHOLY; A MEDICINE CALLED,

The Genuine Tincture of VALERIAN.

It is a pleasant Cordial, and enlivening Medicine, it cherishes the Spirits, cures Wanderings of the Mind, all Kinds of Convulsions and Hysterick Complaints, Elipsies and Palsies in all their Stages. Also it is excellent in Sickness of the Stomach, and in Flatulencies, Obstructions, and the convulsive Asthma. Price Six Shillings a Bottle.

Also of the above RIVINGTON *and* BROWN *may be had the following* POWDERS.

SEXTON's POWDER,

For the certain Cure of the SMALL-POX *and* MEASLES.

This Powder, from the incontestible Proofs of Success in Families of the greatest Distinction and Reputation, makes it almost needless to mention its superior Excellence to the Cure of that dreadful Distemper the Small-pox; which by this Medicine is rendered no more dangerous than any common Eruption, being possessed with that specific Virtue, as to destroy the Malignancy of the poisonous Matter, and discharging it by gentle Perspiraton, which, from an over Quantity, occasions all the dangerous Attendants of the Disease; it helps Nature, by throwing out the variolous or pocky Matter from the internal Viscera to the external Parts, kindly promoting a due Maturation (so difficult to be obtained by the common Methods of Practice) and entirely prevents the secondary Fever, and will with the greatest Certainty cure most Fevers in a short Time, and it withal so innocent as to be given to Children in the Month, without the least Hazard or ill Effect by any Violence of Operation. These Powders have saved the Lives of many Thousands; are in the utmost Esteem in Europe, and have been greatly used in recovering Negroes in the West-Indies. Price Twelve Shillings for a Quantity sufficient for the Recovery of a single Patient.

Dr. JAMES's POWDER *for* FEVERS.

This Powder, if taken agreeable to the Directions, will remove any continual Acute Fever in a few Hours, though attended with Convulsions, Lightheadedness, and the worst Symptoms, but if taken at the beginning of a Fever, one Dose is generally sufficient to perform a Cure. It is likewise a most effectual Remedy for all internal Inflammations, Pleurisies, Quinsies, Acute Rheumatisms, and the Lowness of Spirits, and Uneasiness proceeding from latent Fevers, which are generally mistaken for Vapors and Hysterics. And a single Dose remarkably stops the progress of a Cold, and certainly prevents the ill Consequences arising from that very common Disorder, the Source of almost all Distempers. Price Six Shillings for a Paper containing two Doses.

Likewise at the same Store is sold,

Several Sorts of perfumed Waters, Smelling Bottles, Court Plaister, Tooth Powder and Brushes, and an elegant Assortment of Jewelry and Trinkets.

To be SOLD at PUBLIC VENDUE, On Thursday the 14*th of* October, *at the Plantation of* John Cheney, *Son of* John, *on the Manor, for Sterling Cash, or Bills of Exchange*,

A CHOICE Parcel of Country-born SLAVES; Also, Cattle, Horses, Sheep, Hogs, and Household Furniture. SAMUEL CHAPMAN.

Kent-Island, Sept. 29, 1762.

LOST by the Subscriber, out of his Father's House, in the Time of the Provincial Court, a Dark coloured Drab Great Coat, almost new, with Hair Buttons and an Osnabrigs Pocket to it. 'Tis supposed to be taken away by Mistake, and shall be obliged to the Person who has it, for it's Return. J. HUTCHINGS, junior.

Baltimore County, *Sept.* 22, 1762.

WHEREAS *Jane*, the Wife of the Subscriber, has Eloped from him, and tho' now returned, it evidently appears to be only with a Design to do him greater Damage: These are therefore to forewarn all Persons not to trust her upon his Account, for he will pay no Debts of her Contracting after the Date hereof.

ALEXANDER MORLAND.

THERE is at the Plantation of *Thomas Davis*, near *Nanjemoy*, in *Charles* County, taken up as a Stray, a Light Iron Grey Horse about 13 Hands high, branded on the near Shoulder MR [joined together] has a Switch Tail, a hanging Mane, paces slow, and appears to have been used to the Draught.

The Owner may have him again, on proving his Property, and paying Charges.

RAN away from the *Occaquan* Iron-Works, in *Virginia*, on the 26th of *August* last, a Servant Man named *John Milborn*, who, in order to discharge a Debt of about 35 *l.* due by Bond to the Honourable *John Tayloe* and *Presly Thornton*, Esquires, Indented himself as a Servant for the Term of Three Years, commencing the 16th of *August* last. He is about 30 Years of Age, 5 Feet 10 Inches high, a very raw boned clumsy Fellow, of a dark Complexion, talks slow, with a faultering Voice. Had on at the Time of his going off, a blue Cloth Jacket lined with Plaiding, an Osnabrigs Shirt and Trowsers, a new Felt Hat, new Shoes, and Steel Buckles. By Trade he is a Forge Carpenter, and may probably engage himself at some of the Iron-Works in This, *Maryland*, or *Pennsylvania* Governments: It is therefore expected that none of the Managers of such Works, will employ the said *Milborn*, unless they agree to discharge the Debt he owes to the said *Tayloe* and *Thornton*, Esquires.

Whoever secures the said Servant, and will deliver him to me at the said Iron-Works, shall receive Five Pounds Reward if taken in this Colony; and Ten Pounds if taken in any other Government, and reasonable Charges, from

THOMAS LAWSON.

Alexandria, August 30, 1762.

THE Subscriber once more is under the disagreeable Necessity of Prolonging the Drawing of his Lottery, as some Gentlemen who had the Sale of his Tickets have made no Returns of the Number sold; and to prevent any Disputes or Misunderstandings, which he foresees must happen for the Want of proper Returns; he now fixes upon the 10th Day of *November* next for Drawing the said Lottery, and the 20th Day of *October* next for the Return of Tickets unsold, from the several Gentlemen who had the Disposal of them.

It has been reported, that the Subscriber has no just Title to some of the Lands mention'd in his Scheme:—He begs Leave to assure the Public, that his Title to the Whole is indisputable, which any Person may know at the Proprietor's Office, and that all Reports to the Contrary are false, as they are malicious, and can be only intended to retard the Sale of some few Tickets on Hand.

JOSEPH WATSON.

RAN away from the Subscriber about the Middle of *July* last, a Negro Man named *Bacon*, middling tall and spare, about 50 Years of Age; had, when he left me, a very long Beard, which had not been cut for many Years, some grey Hairs in it, he complains of his Eyes failing him, and walks at Times a little Limping.

Whoever secures the said Negro, and brings him to his Master, living near *Pig-Point* on *Patuxent* River, shall be paid Thirty Shillings for their Trouble. SAMUEL LANE, Son of *Joseph*.
